Letter from Janice of Bethlehem

"Dear Chris & Crew,

Thanks so much for the beautiful job and hard work you put into my yard.

I go back and look at it at least five times a day. It will be wonderful when the grass comes in.

Thanks also for being so professional and gentlemanly throughout my project. You made good suggestions and did not push in directions I did not want to take.

Please convey my appreciation to your talented co-workers. You all work very hard and your talent and expertise do not go unnoticed. I will be in touch with you about the front walk.

Sincerely,

Janice "

Our reputation is built on satisfied customers.

This week's winner will receive a \$50 Gift Card to Giant Food Stores.

Memory Lane

Morningstar Living is dedicated to providing education to caregivers, professionals and community members about dementia-related diseases. Memory Lane is an initiative aimed at providing information and education to the public, specifically about dementia.

Caring for someone with dementia often means grieving in slow motion - mourning the changes, the losses, and the shifting relationship long before a physical goodbye. Join Anne Grogan of APG Eldercare

Services for a compassionate conversation about anticipatory grief and the emotional toll of caring for someone who is still here yet profoundly changed. You will gain insight and practical approaches that support your own well being while also strengthening the comfort, connection, and sense of security you offer your loved one.

Your Ears May Be Protecting Your Brain

Age related hearing loss is more than an inconvenience. Research has shown that untreated hearing loss is associated with an increased risk of cognitive decline.

The good news? Modern hearing aids do more than improve hearing. They help you stay connected to conversations, family and the activities that keep your mind active. Take charge of your hearing health and support your cognitive fitness.

Diabetic Foot Care
If you are diabetic, you can save your feet from unnecessary complications by seeing a podiatrist for routine foot care. Because diabetes damages the nerves in your feet, it is easy to miss foot problems or even injure yourself simply because you can't feel the pain that is your body's normal warning system. Routine diabetic foot care is covered by nearly all insurances.
